

Together with our brand chef Sergey Balakshin,
we are opening Arctic cuisine from a new perspective by
creating its modern face.

Each element of our cuisine, each recipe is a tribute
to northern traditions and the desire for gastronomic
discoveries. All guests will find something to their
liking on the menu.

SAMPO restaurant is a journey into the world of ancient
mysteries and myths, it's the magic and comfort,
it's the heat of fire and the cold of ice.

New experience.

New feelings.

New horizons of your possibilities.

It's the new you.

D R A F T B E E R

LOCAL «SAMPO» BREWERY

.....

«POLAR LOCO» HELLES

ABV 4,0%, ABU I5-I8

The softest, simplest and most refined taste of the presented varieties is the beer «PolarLoco» (type HELLES). The German name of this transparent and «weightless» drink with a harmonious taste and soft hop bitterness, light golden, best denotes the lightness and delicate taste of this option. Traditional light beer, necessarily conveys an atmosphere of hospitality and good nature, playfulness and fun.

300 ml 320.-
500 ml 380.-

«SAMPO LAGER»

ABV 4,5%, ABU 25-30

The «aesthetics» of the North, tundra and the Arctic - a «cheerful» lager with juniper berries and needles. Three weeks before brewing, the brewer prepares an extract of juniper berries and an infusion of juniper needles, then uses them in the process of brewing and fermentation of beer. This beer has unique aromas of hops (New Zealand, Australia, USA), juniper in the aroma and taste, and pine in the aftertaste. Interesting hop profile, softness and drinkability, normal strength. It is well-fermented, but not super-dry. It combines the best characteristics of pilsner and kölsch with intriguing modern New Zealand hops and a little juniper tartness.

300 ml	320.-
500 ml	380.-

«KHUTOR WEIZEN»

ABV 3,8-4,0%, ABU 10

Wheat beer, Belgian style, 12% O.G., 4.0% alc. A light, refreshing wheat beer with high carbonation, dry finish, lush mouthfeel and a light banana-clove yeast character. Characterized by a very dense, mousse-like, persistent white foam head. At least 50% of the mash is malted wheat. The rest is regular pilsner malt. Traditionally, decoction mashing used. The typical spicy-fruity character is created by ale yeast, there is a soft, somewhat bready or grainy taste of wheat, as well as a slightly sweet-grainy malt character. The balance between sweetish, bitterish and slightly sourish tastes is perfectly matched.

300 ml	320.-
500 ml	380.-

«CHERRY FRULLI»

ABV 5,0-5,2%, ABU 8

Cherry, fruit ale, 13% O.G., 5.0% alc. A harmonious liason of cherry and beer, in which the beer remains recognizable: the fruit character is felt, but in balance with the beer. This is a dark-colored foamy beer, with a hint of ripe cherry and expressive pink foam. Smell - malty-cherry. Taste - fruity, slightly sour, with an aftertaste of almond pits. It is produced by top fermentation. The drink is brewed using the technology of making Belgian foam. Natural cherries are added for fermentation and secondary fermentation. Real beer with cherry is consumed unlike any other hoppy drinks. In summer, it should be served chilled to 8-10 degrees, and in winter - heated. This way you can catch all the colors of the recipe.

300 ml	320.-
500 ml	380.-

«WINTER JUICE»

ABV 5,8-6,0%, ABU 20

Golden, strong ale, 16% O.G., 5.8% alc. A traditional type of English ale, a very dense double malt beer. The magnificent taste is achieved by fermentation using unique yeast, giving the effect of a particular long aftertaste. Complex beer with significant fruity esters, moderate spicy properties. By color: yellow-golden. Taste: A combination of fruity, spicy and alcoholic flavors, supported by a soft malt character. Smooth, with noticeable alcoholic warmth. No spirits pungency, just warming «winter juice».

300 ml	320.-
500 ml	380.-

«PZ62»

ABV 4,4%, ABU I5-I8

Dark stout 13% O.G., 4.4% alc. The color is dark brown, the foam is creamy, brown shaded. Special water with particular salt composition clearly emphasizes the caramel taste and pleasant aroma of burnt malt. Luxurious option with a rich chocolate aroma, a characteristic hop shade, with the aroma of roasted malt. Easy to drink, slightly dry.

300 ml	320.-
500 ml	380.-

«TAIGA PORTER»

ABV 6,8-7,0%, ABU 20-25

«Blueberry Porter» dark strong beer, 20% O.G., 6.8-7.0% alc. A fairly dense, bright beer - a masterpiece from the «POLARPARTRIDGE» brewery. The color is dark brown. Yellow-brown foam. Taste and aroma: rich malty sweetness with a complex combination of rich malt and esters inherent in dried fruits and alcohol. It has a noticeable, although soft, roasted taste, like Schwarzbier, which just stops short of burnt. The beginning is sweet, the tastes of dark malts quickly begin to dominate and persist until the end. Slightly dry with a hint of roasted coffee or licorice in the end. The malt has a complex of flavors such as: caramel, toffee, nutty, molasses and / or licorice. Medium-low bitterness from malt and hops, just enough to balance. Mouthfeel: Full-bodied and smooth, with a sense of well-aged alcohol warmth. Medium carbonation. Not heavy due to the level of carbonation. Blueberries are added during fermentation and after-fermentation - a subtle hint of blueberries and dark fruits.
